

Start the Game by placing the Three Card 21 main wager and the Three Card 21 Bonus wager. **BOTH WAGERS MUST BE EQUAL.**

Each player is dealt **THREE** cards face Up and the Dealer is dealt the traditional **TWO** cards, one Up and one Down.

First the dealer will check for all **WINNING** Three Card 21 **BONUS** hands and pay each hand according to the posted pay table.

**ONLY HIGHEST HAND IS PAID**

Next, the dealer will check the Three Card 21 **MAIN** wager and pay all totals of 21 at 1 to 1. After all 21's are paid, the dealer will then check their hand for a Blackjack and offer insurance when showing an ACE.

**INSURANCE IS PAID AT 2 TO 1**

Now play the Three Card 21 **MAIN** wager and if the hand is **UNDER 21**, play as you would play regular Blackjack; **HIT, STAND, DOUBLE DOWN** or **SPLIT**.

If the hand is **OVER 21**, you may **SURRENDER** or **SPLIT** into **THREE** hands of 21.

**ALL TOTALS OF 21 (AFTER A HIT, DOUBLE or SPLIT) WIN 1 to 1 AUTOMATICALLY.**

See dealer for additional game rules.
