# RAISE THE ROOF

## Gameplay:

Start the game by placing the main Blackjack wager and the optional "Bust Ante" side wager - wagers do not have to be equal.

All regular Blackjack house rules apply.

If the dealer does not have Blackjack, and after the players have seen the dealers up card, players now have the option to bet up to five times the original Bust Ante wager on the "Raise the Roof" bet.

Players are then paid according to the posted pay table, if the dealer busts.

*See dealer for additional game rules.*
